## Did you know?

Carmel-by-the Sea is the incorporated name of the city commonly referred to as Carmel, from its saint namesake, Lady of Mount Carmel.

Carmel is known for her scenic natural beauty and rich artistic history.

The Carmel mission was first established in 1770 in Monterey, capital of the Mexican colony of Alta California, and was relocated to its present site in 1770.

2016 was Carmel-by-the Sea's centennial year.

Carmel was rated the "#3 Best City for Romance in the World" by *Travel + Leisure* magazine.

Carmel was inundated with musicians, writers, painters, and artists following the 1906 earthquake in San Francisco. \$10 down, little or no interest, got them a home lot!

The one square-mile village has no street lights, parking meters, street numbers, or postal delivery.

Yes, we know that Carmel is dog-friendly with numerous hotels, restaurants and retail establishments admitting guests with Airedales!

Since our first walk in 2008, CATC has made an (almost) yearly pilgrimage to the Carmel Beach with our Airedales.

**Join CATC's September 10 walk to personally experience the beauty, nature, and culture this storied village has to offer!**
